Work worry free Use DefShutdown

Whether on the road, at work or at home, keep track of your devices and prevent unauthorized access.

A photograph of a wooden table with a laptop, a cup of coffee, a small potted plant, and a clipboard. The laptop screen is blank. The background is a wooden deck. There are some decorative elements: a vertical purple line on the left, a green square in the top right, and blue squares in the bottom right.

Thank You

Your trust in our products is the basis for a promising and safe future.
